

STRONGER TOGETHER

Pink on the Court

The PINK on the Court event started as a single location, single event, small novelty idea, tied to a passion from the #TurnItPink Family. We even got hung up on the notion of not being able to get professional PINK tennis balls. However, the minute we presented the idea, we saw the interest and community network of tennis players started to show their true colors.

October 1st at 9:00 AM, 4 tennis clubs and 30 courts will host a round robin style tournament stretching from Wilmington Island passed I-95. Together the club pros are raising awareness, showing support and raising donations. #TurnItPink will use the funds raised to empower women with the ability to make the best decision for themselves by hosting local events and supporting local and national educational initiatives in partnership with the BRA Foundation. Additionally, #TurnItPink will provide reconstructive services to appropriate patients without financial resources. We are bring our support to the community those we've played countless matches with. #STRONGERTOGETHER

With #STRONGERTOGETHER we are here to show you, this does not have to be a solo fight. Even when you feel weak, you can keep moving forward with the support around you. Awareness crucial in the battle against cancer, we encourage everyone to bring a friend, family-member or survivor.

Come out, join us, we will supply the PINK shirt, the PINK balls and the all the motivation. For every tag, #TurnItPink posted on social media, \$1 is donated from a private donor. PINK bows are encouraged, wear your favorite PINK socks, share a story from your family, be a supporter, tag a photo with a friend and with a single post we are \$1 closer to cure. 100% of everything donated goes to "BRA" (Breast Cancer Reconstruction Awareness).

Suggested / recommended donation **\$25.00**. Participation includes #STRONGERTOGETHER custom tri-blend PINK / WHITE tank top or v-neck, unlimited hydration and support and all the PINK balls you can swing at. 100% of proceeds and donations stay here locally to support, educate and help provide reconstruction services to appropriate patients without financial resources.
